 Overview - Introducing Psychology

 Video: Intro to Psychology

The first page in a module will have an overview. Click to open it.

Week 1 Overview - Introducing Psychology

Topic: What is Psychology?

What do you think about when you think about psychology? This week, we'll discuss how psychologists deal with important problems about how the human mind works, and why.

Goals

By the end of this week you will know:

- how psychology changes from a philosophical to a scientific discipline
- some of the most important questions that concern psychologists
- the basic schools of psychology

The Overview will include the topic and the goals or objectives for the module.

8/25	Discussion: What is Psychology?
8/28	Quiz 1: "Introducing Psychology." Answer 5 questions about how psychologists deal with problems about how the brain works.

The overview may also include a Schedule with a list of activities and due dates. If not, check the syllabus for a course schedule. A schedule with due dates is critical, especially for Discussions with 2 due dates—one for the initial post and one for a response. In Canvas only the final due date will show up in the module list and calendar.
